# Home Comfort Components

AFUE (Annual Fuel Utilization Efficiency) is a measure of how efficiently your furnace converts the energy from fuel into heat.

## 1 EXTRA GAS EFFICIENCY

The secondary heat exchanger extends heat transfer for higher efficiency use of heating fuel and is backed by a lifetime limited warranty.\*

## 2 CONTINUOUS COMFORT

Our variable-speed blower motor operates at the precise torque needed to meet demand to deliver quiet, dependable heating and improved humidity control.

## 3 EFFICIENCY AND COMFORT

Our two-stage gas valve provides low-stage heating under normal conditions and high-stage heating for extreme winter conditions. It means consistent temperature control with minimal "swings" in comfort.

## 4 SMART OPERATION

You could say we control our own destiny, because we design both the furnace and the control board. Fan On *Plus*™ adjustable constant fan, and SmartEvap™ moisture control technology are a few of the functions that set this Bryant Preferred™ Series model apart.

## 5 ECONOMICAL, LOW-NOISE OPERATION

Our two-speed inducer motors alternate between high- and low-speed operation providing high energy efficiency and low noise operation.

\*See warranty certification for further details and restrictions.

### PERFECT HEAT® TECHNOLOGY

The Perfect Heat® technology feature continually monitors and adjusts performance of multi-stage furnaces by looking at current and past conditions to determine the most effective stage to balance efficiency and comfort.

### SMARTEVAP™ TECHNOLOGY

When paired with a compatible thermostat, SmartEvap™ technology adds to your comfort by managing airflow to help prevent unwanted humidity from re-entering your home.

### FAN ON PLUS™ TECHNOLOGY

Fan On *Plus*™ technology can improve comfort all year long by allowing you to select different fan speeds during continuous fan operation to achieve more or less airflow as needed.

#### For California Residents:

For installation in SCAQMD only: Model 926T does not meet the SCAQMD Rule 1111 14 ng/J NOx emission limit, and thus is subject to a mitigation fee of up to \$450.

This furnace is not eligible for the Clean Air Furnace Rebate Program: [www.CleanAirFurnaceRebate.com](http://www.CleanAirFurnaceRebate.com).

# The Preferred™ Series Story

Heating and cooling systems can be complicated, but with Preferred™ Series products working together throughout your home, being comfortable is a breeze. Starting with your Preferred Series furnace and outdoor cooling unit, add a programmable Wi-Fi® thermostat. Complete the system with products that filter and purify the air, ventilate, control humidity and more. They all work as a single unit to deliver whole-home comfort to you and your family. Your Bryant® dealer can recommend the appropriate products for your particular home and region of the country.

## HOUSEWISE™ WI-FI® THERMOSTAT

Enjoy total system control at the touch of a screen from home, or anywhere with an internet connection.

## CENTRAL COOLING UNIT

High-efficiency cooling power with a matched Bryant air conditioner or heat pump delivers whole-home comfort and possible energy savings.

## HUMIDIFIER

Adding moisture to dry, heated air can enhance your comfort, protect your woodwork and minimize static.

## AIR PURIFIER

Patented Captures & Kills® technology treats 100% of the air flowing through your system to both filter and eliminate select airborne pathogens.\*\*

## EVAPORATOR COIL

A properly matched evaporator coil provides more cooling efficiency and years of reliable service from your outdoor cooling unit.

## VENTILATOR

Maintain a fresh, comfortable indoor environment by transferring heating and cooling energy to incoming fresh air.

## PREFERRED™ SERIES FURNACE

Our Preferred™ Series 90+% AFUE gas furnace provides energy-efficient heating, monthly savings and a comfortable value your family can really appreciate.

- Highly efficient heating performance
  - Up to 96.5% AFUE
- Meets ENERGY STAR® efficiency guidelines
- Variable-speed technology for improved efficiency and complete comfort

**Preferred™**  
SERIES

\*\*Based on third-party testing (2012) showing 95% of particles size 1.0 to 3.0 microns captured. Based on third-party testing (2012, 2007) showing > 99% kill rate for common cold surrogate, Streptococcus pyogenes and human influenza.

# Indoor Air Quality

The air inside your home can be five times dirtier than the air outside.<sup>†</sup> Dry heated air, sticky summer humidity, and stale air from today's "tighter" more insulated homes all contribute to your indoor environment. Ask your dealer about Cor™ indoor air quality products and a 30-minute air analysis to learn more about the quality of the air in your home.

**Air Purifiers & Filters**  
Captures & Kills® technology eliminates 3 common pathogens, including the common cold and influenza virus.

**Humidifiers**  
Add moisture to the air, helping keep static, scratchy throats and dry skin at bay.

**Dehumidifiers**  
Draw moisture out of the air, improve indoor air quality and help preserve wood furnishings.

**Ventilators**  
Circulate fresh air from outside into your home.

**UV Lamps**  
Inhibit the growth of contaminants on the indoor coil.

**Carbon Monoxide Alarm**  
Monitors levels of CO in the home and sounds an audible alarm when unsafe levels are detected.

# Thermostats

Bryant offers a range of solutions for managing your system. Whether you're looking for Wi-Fi® thermostats with energy reporting for the ultimate in connected control, advanced communicating controls, optional zoning management or more basic thermostats—you'll have the system control you want.

**Housewise™ Wi-Fi® Thermostat**  
The Housewise thermostat is your gateway to comfort management. With Wi-Fi® capability, you can access your system 24/7 from almost anywhere and view detailed energy reporting from your tablet or web portal. Combine that with custom energy tips and you can make informed decisions regarding your heating and cooling energy usage.

**Côr® Thermostats**  
Côr thermostats take your comfort to heart with next-level performance. Our evolving line includes non-Wi-Fi® and smart, Wi-Fi capable thermostats that learn how to efficiently manage your comfort and teach you how to optimize your savings. Whether you want to take command of your system or you want your system to take control, there's a Côr thermostat right for your home.

# Top Reasons It Takes Bryant

## PASSIONATE SERVICE

Bryant dealers do more than just deliver quality products like our Preferred™ 90+% AFUE gas furnaces. They also deliver knowledge, experience and Whatever It Takes® to get each job done right. You and your system will receive the attention to detail and professional service delivered only by Bryant dealers.

## EXCEEDING EXPECTATIONS

With more than 100 years of experience, Bryant offers a full lineup of products designed with whole-home comfort in mind. Through innovative design and rigorous testing, our products are built to exceed expectations, backed by Bryant® limited warranty protection.

## NEW CONVENIENCES

With a diverse line of products to address nearly any need, from hot or cold spots, to improving indoor air quality and programmable thermostats with Wi-Fi® capabilities, convenient comfort can be yours when you choose Bryant.

## CUSTOMIZED COMFORT SOLUTIONS

Heating and cooling solutions are not one size fits all. Bryant dealers provide solutions based on your specific needs. From financing and rebates to reliable products professionally installed, Bryant provides options that help keep you and your wallet comfortable.

## EFFICIENCY SAVINGS

High-efficiency ENERGY STAR® qualified systems can reduce your energy consumption and carbon footprint. More efficient equipment may reduce monthly utility bills over the life of your system.

## Customized Comfort On Three Different Levels

There is a Bryant gas furnace for nearly any heating need or budget. Your Bryant dealer can help you decide which is right for you. For a comfortable balance between enhanced performance and value, choose one of our Preferred™ Series 90% or better AFUE models.

### EVOLUTION<sup>®</sup> SYSTEM

### Preferred<sup>™</sup> SERIES

### LEGACY<sup>™</sup> LINE

#### Energy Management

**Modulating Operation**  
Our modulating gas valve adjusts up or down in 1% increments to precisely meet heating demand

**Two-Stage Operation**  
Our Perfect Heat® technology feature monitors and adjusts operation for optimal performance based on current and past conditions

**Single-Stage Operation**  
Solid, dependable performance that still provides 90% AFUE gas efficiency or better

#### Humidity Management

**Perfect Humidity® technology**  
This proprietary feature leverages multi-speed systems to enhance humidity removal without overcooling

**SmartEvap™ technology**  
Reduces indoor humidity by reducing condensate from dehumidification

**Perfect Humidity® technology**  
This proprietary feature leverages multi-speed systems to enhance humidity removal without overcooling

**SmartEvap™ technology**  
Reduces indoor humidity by reducing condensate from dehumidification

**Basic Humidity Management**  
Provides basic humidity removal during cooling operation

#### Airflow Management

**Fan On Plus™ technology**  
Enjoy enhanced ventilation control with the ability to change fan speeds from a compatible thermostat

**Fan On Plus™ technology**  
Enjoy enhanced ventilation control with the ability to change fan speeds from a compatible thermostat

----

#### Comfort Management

**Evolution® Connex™ Control**  
Our most capable and complete comfort control with full-color touch screen and available wireless access to temperature, humidity, ventilation and more

**Variable-Speed Operation**  
Low speeds enhance comfort with consistent temperature, reduced hot/cold spots and drafts, and superior humidity management. Higher speeds help maintain your comfort in more extreme conditions

**Housewise™ Wi-Fi® Thermostat**  
This deluxe comfort control looks great and performs even better. Wireless operation, touch screen, energy use tracking and usage reports

**Constant Air Movement**  
Delivers quiet, even temperature control, humidity control and greater comfort

**Côr® 7C & 5C Thermostats**  
These smart thermostats keep you connected and in control with remote access via Wi-Fi®, full programming and energy use monitoring

**Constant Air Movement**  
Delivers quiet, even temperature control, humidity control and greater comfort

#### Limited Warranty

To the original owner, Bryant Preferred 90+% AFUE gas furnaces are covered by a 10-year parts and lifetime heat exchanger limited warranty upon timely registration of your new equipment.\* Ask your Bryant dealer about optional extended warranties, which may include labor.

\*The limited warranty period is 5 years on parts and 20 years on heat exchangers if not registered within 90 days except in jurisdictions where warranty benefits cannot be conditioned upon registration. See warranty certificate at [bryant.com](http://bryant.com) for complete details and restrictions.
